REPORT OF THE TRUSTEES OF THE INGALLS MEMORIAL LIBRARY

January 1st to December 31, 1923

The year has been one of prosperity for the Library in spite of the gradual diminution in the circulation, which the trustees feel is due principally to diminished population of the town.

It is gratifying to note that the Museum still attracts many visitors.

Two events which have occurred during the year deserve especial attention—the resignation of Professor George R. Harmon from the board of trustees, and the repairs which have been made in the library. After a service of several years, Professor Harmon resigned on account of ill health, which necessitated prolonged absence from town, and the vacancy which he leaves will be hard to fill. He has been most generous in giving of his time and thought and his interest has been unfailing.

He will be much missed, and the remaining trustees wish hereby to express their appreciation of his helpful services and the gratitude of the town.

The repairs on the walls, ceilings and woodwork of the library have been thoroughly done for the first time since the library was founded. The plaster on the walls was cracked and the color faded, the ceilings were black, the woodwork dry throughout the building. It was thought best for economic reasons to varnish rather than to oil the latter. This all necessitated a thorough house-cleaning, both upstairs and down, especially in the stack room, and the trustees beg to call atten-

tion to the fact that this expense will be met with the accumulated funds from our investments.

They take pleasure in announcing two bequests to the library, one of one thousand dollars from Mrs. Harriet M. Buswell; and one of two thousand dollars, not yet received, from Miss Julia L. Van Deveer, without restrictions.

Again we ask the town for an appropriation of three hundred dollars.

Respectfully submitted,

MARY LEE WARE, Secretary.
HARRIS HALE RICE,
Trustees.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Rindge:

I submit herewith my sixth annual report, this being the twentieth of the series under district supervision.

The enrollment of the several schools shows but little change from a year ago. West Rindge shows a loss of three, the Center Grammar, a loss of two, the Center Primary, a gain of one, and the same enrollment as last year in East Rindge. This makes a total of 73 registered, as compared with 77 during the last school year.

At the close of the school year, 1922-23, both positions at Rindge Center became vacant, but we were extremely fortunate in retaining Miss Alice E. Belcher at West Rindge and Miss Mary McGrath at East Rindge.

Miss Frederica Nay, a graduate of Keene Normal School, who substituted in Rindge for three weeks a year ago, was secured for the Grammar school position, and Miss Dolly H. Crane, who has attended two summer sessions at Keene, and who has taught a year in Hillsboro, was chosen for the Primary school. There have been no changes in the teaching force since the opening of the school year.

During the summer vacation the East Rindge school was painted and the rooms in the Center school were painted, the walls and ceilings now being clean and attractively tinted. This work was certainly needed, and it is appreciated by both teachers and pupils.

While all the buildings now in use are in better shape than they have been for a long time, I would suggest that something be done to make the lower room at Rindge Center more

comfortable during the cold and windy days in the winter. The room has a jacketed stove that is supposed to be one of the best, but the basement is so exposed on the easterly side that the floor of the lower room is very cold.

Medical inspection in all the schools has been continued under the direction of Dr. Emerson, assisted by the Fitzwilliam school nurse, Miss Davis.

It would be desirable to have a school nurse who could do follow-up work during the year, but on account of the distance to be covered, and the expense involved in making the necessary number of trips, it has thus far been impossible to have more than the annual inspection of pupils.

An interesting institute circular has just been issued by the State Board of Education, showing the progress made in New Hampshire schools during the past five years. Copies of this bulletin may be secured by writing Commissioner E. W. Butterfield, Concord, N. H. I am sure that a study of the gains there enumerated is well worth the time of any interested citizen.

In this bulletin, P. 10, appear the following paragraphs:

"CAN NEW HAMPSHIRE CHILDREN SPELL AND FIGURE?

"In November, 1923, uniform tests in arithmetic and spelling were given to the children, nearly five thousand in number, in the eighth grades in all New Hampshire public schools. The spelling test was one which has been given in a number of city school systems, with an average rank of about 74%. The average for the entire state was 67.42%, and seventy-three towns and cities had an average of 75% or better."

The average for the eighth grade in Rindge was 85%.

"At the same time an examination in arithmetic, which was in 1846 given to the pupils in the Springfield, Massachusetts, high school, was given. The Springfield ninth grade average in 1846 was 29.41%. The New Hampshire eighth grade

average on the same test in 1923 was 49.29%. City, village and rural children showed nearly equal proficiency in these tests."

The average for the arithmetic tests in the Rindge schools was 67.5% for pupils of the average age of 13.5 years, as against 29.41% for the pupils of Springfield in 1846, whose average age was over sixteen.

I have in past reports spoken of the importance of co-operation between the home and the school. This is as important today as ever, and is, I believe, appreciated more by both parents and teachers than was formerly the case.

There is one matter which may become a problem by the beginning of the next school year. East Rindge has an enrollment of twelve pupils, of whom four come from Ashburnham, Mass., as tuition pupils. Two pupils will graduate from the eighth grade in June, and should there be a loss of other pupils the school may become so small that it may become necessary to consider the wisdom of keeping the school open.

This is not offered as a suggestion in favor of consolidation. If the East Rindge school can possibly be kept along with enough pupils to have a real good school, with the standing that it has had during the past two years, it should certainly be continued.

At one time, in 1917, I think, the enrollment at East Rindge fell to nine pupils, while three years later there were twenty-four pupils in this school.

In closing, I desire to thank the members of the school board, parents, pupils, teachers, and all interested citizens, for the support they have given me during the past year.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.
